

# BLEED SAFE COMMUNITY PROGRAM

## MISSION

*To empower local businesses, employees, and residents with the skills and tools necessary to effectively manage severe bleeding emergencies. The program is designed to improve community resilience and ensure that businesses are prepared to respond in a crisis situation.*

## TRAINING

Offering bleeding control and first aid training to staff and community members, including emergency response protocols, trauma care techniques, and proper use of life-saving equipment.

## SUPPLIES

Provide each participating business with a Bleed Safe Kit, containing essential supplies for controlling severe bleeding, including tourniquets, gauze, bandages, and hemostatic agents.

## COMMUNITY ENGAGEMENT

Raise awareness about the importance of bleeding control and first response preparedness through community events, informational resources, and outreach.

## SUSTAINABILITY

Establish a sustainable program that ensures ongoing access to training and supplies, with the possibility of expanding to additional businesses and community organizations.
